

Living and Non-Living Things Around Us

Class 1 • Science • Worksheet (illustrative sample)

Worksheet for Class 1 Science: Living and Non-Living Things Around Us.

Questions

1. Name two living things you see in a park.
2. Name two non-living things in your bedroom.
3. Does a stone grow bigger if you give it water? (Yes / No)
4. What do all living things need to drink to stay alive?
5. Can a wooden chair have baby chairs?
6. True or false: Plants are living things.
7. Why is a kitten a living thing?
8. Classify: Butterfly, Eraser, Dog, Spoon.

Answer Key

1. Trees and birds (or flowers, grass, dogs).
 2. Bed and pillow (or toy, pencil, table).
 3. No, because a stone is a non-living object.
 4. Water.
 5. No, non-living things cannot reproduce.
 6. True.
 7. Because it breathes, drinks milk, grows into a cat, and runs.
 8. Living: Butterfly, Dog. Non-living: Eraser, Spoon.
