

Class 3 • EVS • Worksheet (illustrative sample)

Worksheet for Class 3 EVS: Maps and Directions.

Questions

1. Name the four cardinal directions.
2. In which direction does the sun rise and in which direction does it set?
3. On a standard printed map, which direction is at the top?
4. What instrument has a magnetic needle used by sailors and trekkers to find direction?
5. What is a map key or legend?
6. If you are facing North, what direction is behind you and what direction is to your right?
7. Name two intermediate directions between the cardinal directions.
8. Why is a title important on a map?

Answer Key

1. North, South, East, West.
 2. Rises in the East, sets in the West.
 3. North.
 4. A magnetic compass.
 5. A map key is a box explaining the meanings of symbols, icons, and colours used on the map.
 6. Behind you is South; to your right is East.
 7. North-East (NE), North-West (NW), South-East (SE), South-West (SW) (any two).
 8. The title tells what area the map shows (e.g., "Map of India", "My Neighborhood Park").
